

				
DESCRIPTION	Six- to eight-vendor evaluation events	Three- to six-vendor solutions-focused events	Full spectrum events with up to eleven vendor presenters	Educational event, sponsored by a single vendor <i>*Custom webinars available!</i>
MINIMUM LEADS	800	400 (200 for vertical events)	1200	200
JANUARY	1/23: Cloud	1/17: Converged, Hyperconverged, & Composable 1/30: Enterprise Security & Networking		1/31: DRaaS 101
FEBRUARY	2/13: Data Protection, DRaaS, & Disaster Recovery	2/7: Enterprise Storage, Flash, & NVME 2/27: Virtualization		2/28: Migrating to the Cloud
MARCH	3/14: Converged, Hyperconverged, & Composable	3/6: Secondary Storage 3/20: Big Data & Analytics		3/28: Cloud Security 101
APRIL	4/10: Cloud	4/4: Data Protection, DRaaS, & Disaster Recovery 4/24: NextGen Datacenter		4/25: Preventing Ransomware 101
MAY	5/15: Enterprise Storage, Flash, & NVME	5/8: Virtualization 5/22: Enterprise Security & Networking	5/29: Spring IT Virtual Summit	5/23: Multi-Cloud 101
JUNE	6/5: Data Protection, DRaaS, & Disaster Recovery	6/12: Modernizing State, Local, & Education (SLED) IT Vertical Event 6/26: Cloud		6/19: Migrating to Hyperconvergence
JULY	7/10: Data Protection, DRaaS, & Disaster Recovery	7/24: NextGen Datacenter 7/31: Healthcare in IT Vertical Event		7/25: Hybrid Cloud Survival
AUGUST	8/14: Enterprise Storage, Flash, & NVME	8/7: Cloud 8/21: Data Protection, DRaaS, & Disaster Recovery		8/8: Maximizing Datacenter Availability
SEPTEMBER	9/18: Monitoring & Performance	9/5: Solutions for VMware		9/12: Cloud Security 101
OCTOBER	10/24: Data Protection, DRaaS, & Disaster Recovery	10/3: Solutions for Office365 and Azure 10/16: Enterprise Security & Networking 10/30: Converged, Hyperconverged, & Composable		10/10: Disaster Recovery Planning 101
NOVEMBER	11/13: Cloud	11/20: Enterprise Storage, Flash, & NVME	11/6: Fall IT Virtual Summit	11/21: DevOps 101
DECEMBER	12/11: Data Protection, DRaaS, & Disaster Recovery	12/5: Solutions for AWS & Azure		12/18: Maximizing Storage Performance
