SAMPLE EVENT ABSTRACT

With so many cloud solutions available, the challenge for IT organization is how to find the RIGHT cloud solution to solve the unique challenges that they are facing in their datacenter. Instead of spending months researching many different solutions, what if you could quickly and efficiently learn about the various on-premises cloud solutions and find out what makes each one unique, all in a single event?

- Learn about the most innovative cloud solutions for the enterprise
- Get your most burning cloud questions answered from the top experts in the industry
- Find out how you can transform availability, scalability, efficiency, and data protection in your datacenter
- See live demos of these solutions in action
